

Marta Jakobovits

Look and See

Part of the Road Covered

Reconfigurable installation with 33 ceramic pieces, of which 8 pieces have a cover / they are double forms/, so in total there are 41 pieces, plus natural materials/dried plants, bark, stones.

Surface of the installation approximately 60 x 350 cm

The stones in the composition are from different countries, where I had exhibitions or other professional activities: Holland, Belgium, Germany, Hungary, Romania, Italy, Denmark, Iran. I was always happy to find stones and pebbles that dialogue with me and my works.

Meditation

Two pieces of pottery, stones and dry leaves

Floor-surface: 80 x 80 cm

***Collecting the Raindrops*, 2021**

Installation on the floor, 23 ceramic pieces, dry leaves

Approximately surface: 60 x 320 cm

Turquoise Hills

A group of 8 double pieces.

The area they would need is approximately 80 x 120 cm

***Something is About to Happen*, 2021**

5 wall pieces, ceramic, personal glaze

27 x 27 x 4.5 cm (each)

They also have a subtitle: *Entering and Exiting Existence...* And due to current world conditions I had such special feelings at the time when I created them.
